9. Long Island Web Design Companies

There are many **Long Island web design companies**, but Lounge Lizard is one of the only **web design companies** of note in **Long Island, NY**. We provide custom solutions out of the range of other **Long Island web design companies**, like content management systems and e-commerce **websites**, establishing ourselves as among the most forward-thinking, professional **web design companies** on **Long Island**. We continue to build upon our reputation of being numbered as one of the best **Long Island web design companies** by providing Flash animation, web marketing, information architecture, and cutting edge **application development** and **website design**. By creating functional yet fun **websites** using custom **web development** and **web design**, Lounge Lizard remains in demand in **Long Island** as a go-to **web design firm**.

10. Web Design Company New Jersey

A New Jersey-Adjacent Award-Winning Web Design Company

If you're looking for a stellar **web design company** that's close to New Jersey – fondly known as NJ – this is as far as you'll have to go. Professional **web application development**, experienced custom **web design**, and a decade-long history of exceptional **website services** make Lounge Lizard stand out as one of the best boutique **web design firms** in the New York ([link back to the New York page](#)) and New Jersey area.

With a core client base centered in the tri-state areas of New York/Long Island, New Jersey, and Connecticut and expanding throughout the USA ([link to USA page](#)), our **web design company** offices are easily accessible from many points in New Jersey. Lounge Lizard's award-winning **web design** team has created **professional websites** with content management systems and e-commerce functionality for many businesses in New Jersey; we have also worked with New Jersey businesses to implement **web marketing** campaigns, Flash movies and slideshows as well as planned information architecture and custom **web development** functionality.

Lounge Lizard is proud to have partnered with prominent organizations in New Jersey to provide them with custom **web development** and imaginative **web design** for over ten years, and look forward to providing outstanding **website design** services as a premier **web design firm** for many, many more.

11. Website Design Firm New Jersey

Why not look for a **website design firm** near New Jersey, but not necessarily in New Jersey? Our **website design firm**, Lounge Lizard, is just outside of New Jersey, offering **web application development**, custom **web design**, and other **website** services that help your **website** achieve the level of creativity and professionalism your New Jersey business needs. Our **website design firm** can help you get there, with amazing **web designs** with content management systems, e-commerce capabilities, Flash animation, and other forms of custom **web development**.

Ten years of experience make our **website design firm** a great choice, and since we are so close to New Jersey, our **website design firm** understands the needs of your New Jersey business or organization. We have clients located throughout the USA as well as our core base in New Jersey, who will attest to the superior **website design** skills and **application development** abilities of our **website design firm**.

12. Web Design Companies New Jersey

In New Jersey, there are a lot of **web design companies** to choose from, but not all New Jersey **web design companies** are on the same level as Lounge Lizard. Conveniently located in New York, close enough but far enough from New Jersey, ours is one of the most cutting edge **web design companies** out on Long Island.

Other **web design companies** in New Jersey find it hard to compete with our advanced **application development** skills, custom **web designs**, professional

websites, and our level of skill. We have what other web design companies don't, which is a decade of experience. Lounge Lizard uses Flash animation, content management systems, e-commerce platforms, and other technologies to make your website outshine ones made by other web design companies in or out of New Jersey.

13. Web Design Company Connecticut

A Web Design Company That Understands Connecticut

Businesses in different states need different things, and as a web design company that's close to Connecticut with many clients in Connecticut, Lounge Lizard has a unique perspective on what your CT-based organization requires to forge ahead. We stand out as one of the best boutique web design companies in the New York (link to NY page)/Connecticut area with our professional web application development, experienced custom web designs, and a decade-long history of exceptional website services.

Our core client base is centered in the tri-state areas with expansion through the rest of the USA (link to USA page), which makes our web design company's offices easily accessible from pretty much all of Connecticut. Lounge Lizard's professional website designs can be found on the websites of many businesses in Connecticut; we've installed content management systems and e-commerce functionality and have worked with several Connecticut businesses to implement web marketing campaigns, animate Flash movies, as well as organized information architecture and created custom web development functionality. We've been doing this for our friends in Connecticut for over ten years now, and we're a website design company that will continue providing outstanding web design and application development for many decades more.

14. Website Design Firm Connecticut

When people look for a website design firm near Connecticut, they often settle on paying the high rates for standard work in New York City. However, as a website design firm on Long Island, we're only a short ferry ride away from the shores of Connecticut, providing businesses in Connecticut notable value and convenience as a high-end website design firm.

Our website design firm creates sophisticated custom websites with great web designs and excellent application development. As a professional website design firm, we provide services like information architecture and content management systems, as well as Flash animation and e-commerce solutions. Our web application development skills can handle anything your Connecticut company may need, and our website designers can come up with the absolute best web design for your organization.

Having been in business for over ten years, our website design firm is skilled in identifying the needs of our clients, in Connecticut and all over the USA, and can be

depended upon to create a functional and stylish [website](#) for any situation or organization.

15. Web Design Companies Connecticut

Just because there are many small [web design companies](#) in [Connecticut](#) doesn't mean you need to choose one of them.
