**Dr. Stuchin Appears on the Martha Stewart Show!**

Monday, September 10, 2007

Dr. Steve Stuchin, an accomplished leader in the field of Orthopaedic Surgery, lends his trusted expertise to the Martha Stewart Show for the episode first aired September 10, 2007 as he [answers questions about one of his specialties, Total Hip Replacement](#). He is proud to have been selected as a premier authority on the subject, and is delighted to have an opportunity to give guidance and advice to those seeking relevant and detailed information on the topic. Martha, who had recently undergone a Total Hip Replacement herself, with Dr. Stuchin as her surgeon, will be learning more about the procedure and speaking of its impact on the lives of its candidates.
